ASHLEY

My name is Ashley; I have been skating since the age of 3. I passed the USFS Senior Gold Move-In-The-Field & Senior Gold Free Skate and I am in Freestyle 9. I've competed in many local competitions, as well as Adult Nationals where I have appeared as a guest skater for shows. I have experience teaching both private and groups lessons and have been coaching since 2003. In 2012, I became the Director for the Andover Community Center Learn to Skate Program.

Hi I'm Madison! I started skating when I was 4 years old in Learn to Skate classes and fell in love with the ice! I have competed in many competitions, including MN State in which I took first place in 2010! In the Summer of 2014, I passed my Senior FreeSkate and since then have been working on maintaining my skills and having fun on the ice. I started helping with skating lessons when I was 13 years old and coach for the Andover Skate School. I look forward to helping your kids learn the basics of skating while having a great time!!

EVY

My name is Evelyn, but I go by Evy. I spent a lot of time Ice skating when I was young on the pond behind my grandparent's house. I still like to go with my cousins when we're all together on holidays. My dad used to take me to the Inver Grove Heights community center as well, when we lived in SSP. Both my dad and step dad love to watch and play hockey, so skating has always been part of our life! I really enjoy kids; I have a little brother, and 5 younger step sisters. I'm excited to spend time skating with the kids!
